

Scale Carts

When you need to know the weight of your materials, the scale cart gives you the convenience of bringing the scale to the materials instead of having to lug the materials to a stationary scale. Adjusted for tare weight so you get an accurate measure of your load up to 250 pounds. Roto moulded body and a powder coated steel base ensure durability while four 3" all swivel threadguard casters give you easy maneuverability. The removable container makes for easier loading and unloading. Tare weight adjustment.

Caster Pattern: All Swivel
///

Model No.	Bu.	Cubic Feet	Inside LxWxH (inches)	Outside LxWxH (inches)	Shipping Weight (pounds)
300 SC	4	5	30 x 16 x 16	33 x 19 x 29	35
